## Product Information Page

Product name	Silicon dioxide
Local name	Aerosil 200
Chemical formulation	SiO <sub>2</sub>
Manufacturer	Evonik Industries
Country of origin	Germany
SKU	KG / LTR
Packing	BAG
Net weight	10 KGS
Physical attributes	Silicon dioxide is transparent to grey, crystalline, odourless, or an amorphous solid.
Chemical attributes	They have melting and boiling points as 1713° C and 2950° C, respectively. The density is about 2.648 g/cm <sup>3</sup> .
Supplier	Brothers Enterprises   Lahore Essense   Akbari Store   Karachi Esschems   Ali Baba +++
Unit Price	Rs.2,350 KG
Pack Price	Unit Price x Net Weight
Date	July 27, 2023
Industry	Qarshi Industries, Hamdard Dawakhana, Aftab Qarshi, Gulbahar Industries ++++

Certificates
